# Foster Care Application & Agreement

"Saving one pet won't change the world, but for that one pet the world will change forever."

## **Who Can Foster?**

Fostering is a volunteer role suited to lots of different people - including singles, couples and families and people who work full-time or part-time. You must be over the age of 18 years and able to meet the needs of the cat in your care. You also need to be in a position to provide your own transport so as to collect and return your cat to Cat Haven, including returning for veterinary treatment or checkups as required, and to pick up pet supplies.

## **Cat Haven Provides all the Food and Support you need**

When you are fostering, Cat Haven provides all the basics that you need in the way of food, bowls and trays etc. While we endeavor to support all of our foster carers to the best of our ability, any assistance carers can provide with respect to nutritional or toiletry care for foster animals is always greatly appreciated. Cat Haven uses Hill's Science Diet biscuits which are available for purchase at Cat Haven or any good pet store (such as Pet Barn) or in some cases, a vet prescribed diet.

We have a vet on site Monday to Saturday if you are ever concerned about your foster cats however a consultation **MUST** be booked prior to coming in. If an emergency situation should occur you can call Cat Haven on 9442 3633 or after hours on 0452 432 810.

### **Length of Foster Care**

We hope that you will be able to foster your cat until they are able to return to Cat Haven or until they are adopted. The length of foster care needed is varied and flexible, depending on the needs of the cat, and will be discussed prior to picking up your cat.

### **Adoptions from Foster Care**

For various reasons some cats are adopted directly from foster care. These cats are displayed on the adoption page of the Cat Haven website. We will ask you to send us a landscape photo which shows off your foster cat. Remember, these photos are advertising your cat for a forever home so they need to be appealing – that is, in focus, not too dark and preferably feature the whole cat. Photos with colourful blankets, toys or pillows in the background are more attractive to people. Your foster cat has a better chance of finding a new home if a good quality photo is displayed. Cat Haven will also ask you to write a profile on its personality. Again, the more information you can provide, the better the chances of finding it a 'forever' home.

If someone is interested in meeting your foster cat, we will either pass on their details to you or vice versa, so you can arrange a meeting with the potential adopter at your earliest convenience. It is very important that you touch base with the potential adopter immediately or as soon as reasonably possible. You can arrange for the meeting to take place at your home or, if you prefer, at Cat Haven. If the meet and greet is successful, the new owner must first come into Cat Haven to complete the relevant adoption paperwork before collecting their new cat. Please do not allow anyone to take a cat prior to completing the adoption paperwork.

### **Foster Carers' Facebook Page**

Once you start fostering, please make sure you let us know your Facebook email address so we can send you the link to our Foster Carers' Facebook Page. The page is for all our foster carers to share stories, post cute photos and ask each other for advice. It is a very supportive page and has grown to be very popular amongst our foster carers.

**Ask us for a copy of our Foster Carers' Handbook that outlines all the information you need to know about fostering - its challenges and rewards.**

**If you have any questions, please contact our Foster Care Department on 9442 3633 or email [fostercare@cathaven.com.au](mailto:fostercare@cathaven.com.au).**
